JOSH SOBERDASH
Green Tree, Pittsburgh, PA 15220

UX/UI DESIGNER + DIGITAL DEVELOPER

With 10+ years of development experience . Freelancing for most of those years working with a multitude of companies and projects. Currently employed at Brunner for the last two years as a Digital Developer.
Building interactive and responsive websites in Javascript, HTML & CSS. Good understanding of and experience with developing using object-oriented concepts in working with MVC Frameworks.
As a UX/UI designer and developer my objective is to create clean, re-sizable, functional websites that are W3C compliant and cross browser tested for everyday users. Making a positive impact on clients, co-workers, and the Internet using his skills and experience to design and develop compelling and attractive websites.
